

D&D COATINGS
Industrial & Decorative Painting Specialists

Bringing innovation and excellence to the surface

Welcome...

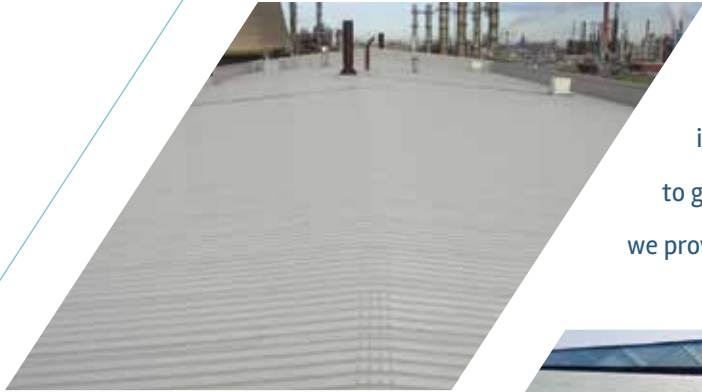

Founded in 1997 by Paul Drinkwater and Walter Dean, **D&D Coatings** has developed into one of the UK's leading industrial painting contractors. We are proud to be recommended and approved by many of the major surface treatment manufacturers and enjoy good working relationships with all of them. We have a highly trained experienced workforce with the ability to meet strict deadlines and our clients needs every time.

Safety is very important to us and we are extremely proud to have been awarded 'Safecontractor' approved status since 2005. Our client base is wide and diverse from Chemical Manufacturers and Retail Facilities to Chartered Surveyors and Construction Companies. We cater for the needs of all our clients both **large and small** with a professional, friendly approach every time.

What we do...

Roof Coating & Protection

Our roof coating services include all areas of the roof structure and its components. From full overpainting and cut edge treatment to gutter lining, rooflight glazing and fixing encapsulation, we provide the full package for any project.

Enhancing the look of your Premises

Whether you need a quick facelift or a full redecoration, we are fully equipped to take on the task. We will work to your specifications or gladly provide expert advice where required. From metal wall cladding, masonry, roller shutters, windows and doors, we provide a comprehensive service.

Internal Painting & Decoration

Concrete floors and building interiors suffer from wear and tear on a daily basis. We provide a full warehouse redecoration service which includes the preparation and painting of floor, wall and roof areas.
